THE VIDAL WAVE.

It Grows Stronger Every Day.

A General Stampede.

CONNECTICUT.

Hartford, Conn. 8.—Total vote of the state, 115,333, distributed as follows: Waller, democratic, 59,025; Bulkley, republican, 54,872; Rogers, temperance, 831; Tanner, greenback, 590. One republican representative is to be decided by the legislature, it stands 138 republicans, 110 democrats; Senate 13 republicans, and 11 democrats. For congress, Easton, democratic, in the first district, Mitchell, democratic, second district, Waite, republican, third district, Seymour, democratic fourth.

ILLINOIS.

Chicago, 9.—Returns give the following as the congressional delegation: First district, Dunham, republican; Second, Finerty, independent democrat; Third, Davis, republican; Fourth, Adams, republican; Fifth, Ellwood, republican; Sixth, Hitt, republican; Seventh, Henderson, republican; Eighth, Cullen, republican; Ninth, Payson, republican; Tenth, Lewis, republican; Eleventh, Marsh, republican; Twelfth, Riggs, democrat; Thirteenth, Springer, democrat; Fourteenth, Rowell, republican; Fifteenth, Cannon, republican; Sixteenth, Shaw, democrat; Nineteenth, Townsend, democrat; Twentieth, Thomas, republican; total—thirteen republican, seven democrats.

The control of the state legislature on joint ballot is now in doubt with the chances in favor of the democrats.

Chicago, 9.—Returns from Chicago and Cook County show the following result: For county treasurer, Scipp, democratic, 2,852 plurality; sheriff Hanchett, republican, 4,133 plurality; county clerk, Ryan, democrat, 709 plurality; probate clerk, Tennett, republican, 913 plurality; coroner, Boyden, 746 plurality; county superintendent of schools, Lont, republican, 305 plurality; county commissioners, four democrats and one republican; probate judge, Kulekerbocker, republican, 126 plurality; county judge, Prendergast, 1,140 plurality. As will be seen the county is very evenly divided between republicans and democrats. Party lines were about totally ignored outside of active politicians and the candidates were chosen entirely on personal popularity. The highest democratic plurality was 2,852. The highest republican plurality 4,163, indicating an independent vote of over 7,000.

The last returns on congressmen indicate the election of Cullen and Thomas, republicans, in the Eighth and Twentieth districts, and Worthington, democrat, in the Tenth. The delegation would then stand eleven republicans, nine democrats. The state legislature is very close on joint ballot. It is impossible to say which will have a majority when the returns are all in.

IOWA.

Des Moines, 9.—The congressmen elected in Iowa, are McCord in the First, Henderson in the Third, Updegraff in the Fourth, Cutts in the Sixth, Kasson Seventh, Hepburn Eighth, Holmes in the Tenth, and Strube in the Eleventh, all Republicans. Murphy, democrat, in the Second. The Fifth and Ninth districts are very much in doubt.

KANSAS.

Topeka, Kas. 8.—Republicans concede the election of Glick, democrat, for governor. Democrats claim that he will have from 12,000 to 20,000 plurality.

MASSACHUSETTS.

Boston, 9.—The total vote of Massachusetts, all but one town, gives Butler a plurality of 13,392. Returns show a plurality on the republican state ticket, except Bishop, of about 16,350. The executive council will stand seven republicans and one democrat. Total greenback vote in the state, 3,200. Following are the congressmen-elect: First district, Robert T. Davis, republican; Second, John D. Long, republican; Third, A. A. Ronney, republican; Fourth, P. A. Collins, democrat; Fifth, Leopold Morse, democrat; Sixth, H. B. Lovering, democrat and greenback; Seventh, Eben F. Stone, republican; Eighth, Wm. A. Russell, republican; Ninth, Theo. Lyman, civil service reform, endorsed by democrats; Tenth, W. W. Rice, republican; Eleventh, Wm. Whiting, republican; Twelfth, George D. Robinson, republican. A democratic gain of three.

MICHIGAN.

Detroit, 8.—The fuller returns today do not change the result on the state ticket. The republicans lose their governor by 8,000 or 10,000, and carry the rest of the state ticket by an equal or larger majority. The legislature is republican on joint ballot beyond doubt. In congressmen the democrats, from present appearances, carry Maybury in the First district, Eldredge, Second; Yapple, Fourth; Houseman, Fifth; Winans, Sixth; Carlton, Seventh. The republicans save the remainder, unless the Ninth has joined the stampede.

MINNESOTA.

St. Paul, Minn. 9.—Returns tabulated up to 3 o'clock this morning give the following majorities in congressmen: White, republican,

First district, 286; Wakefield, republican, Second district, 4,583; Straight, republican, Third district, 6,532; Washburne, republican, Fourth district, 2,642; Nelson, republican, Fifth district, 3,868. Returns from the Second, Third and Fifth districts are incomplete, and later returns will increase the majorities. The legislature, as made up this morning, stands: Senate, republicans 34, democrats 10, independents and greenbackers 3; house, republicans 76, democrats 28, independents 3.

MISSISSIPPI.

Dardis, Miss. 8.—Chalmers is certainly elected to Congress. Memphis, 8.—Gen. James R. Chalmers, independent democratic candidate in the Second Mississippi district, opposing Van H. Manning, democratic nominee, is in the city. In an interview he asserts that bulldozing was practiced in Tallahatchie county, where the election was prevented from being held, under pretense of fear of small-pox, which deprived him of 500 votes, and at one box in Desoto county, where the judges refused the election, which lost to him 200 votes. Notwithstanding these, he claims the election on returns made, by 1070 majority.

MISSOURI.

St. Louis, 8.—It appears now that Missouri will have a solid democratic delegation in Congress.

NEBRASKA.

Lincoln, 9.—Returns indicate the election of the republican state ticket with a possible doubt for treasurer, for which office the democrats and anti-monopolists nominated the same man. The house is doubtful. The Third Congressional district is claimed by both parties.

NEW HAMPSHIRE.

Concord, N. H. 8.—Revised and corrected returns from 225 towns give Hale 37,540, Edgerly, 36,174, scattering 92. Hale's majority probably cannot be reduced below 250. The senate stands 11 republicans, 4 democrats. One district makes no choice and two districts are in doubt. Republicans will have about sixty-five majority.

NEW JERSEY.

Trenton, N. J. 9.—Brewer, republican for congress in the Second District, is reported elected, the legislature stands Senate, 12 republicans, 9 democrats; House 26 republicans, 24 democrats.

NEW YORK.

New York, 9.—The Times says the assembly of '83 will consist of forty-three republicans and eighty-five democrats, giving the democrats a majority of forty-one. The senate, which holds over from last year, consists of seventeen democrats and fifteen republicans.

The following congressmen are elected beyond doubt: Fifth district, Nicholas Miller; Sixth, S. S. Cox; Seventh, William Dorsheimer; Eighth, John J. Adams; Ninth, John Hardy; Tenth, Abraham S. Hewitt; Eleventh, Orlando B. Potter; Twelfth, Waldo Hutchins.

The extent of the democratic victory is not yet told. Cleveland's majority will reach the untold total of 190,000, utterly unprecedented in the history of the country. Counties that never went democratic since the republican party was organized have now gone heavily for Cleveland, among them are the following: Broome, Caltaragus, Chauvaugus, Chenango, Cayuga, Oneida, Ontario, Orleans, Oswego, Saratoga, Steuben, Suffolk, Tioga, Tompkins, Warren and Wyoming. Out of sixty counties the republicans carry precisely ten. But there is something behind this, for notwithstanding Cleveland's great majority he has not received so many polls as Hancock had in 1880, when the latter was beaten by 21,000. The fact is the republicans either stayed at home or voted for Cleveland. The rebuke to the administration is everywhere considered complete and terrible.

Following is the city vote on the constitutional amendment to make the canals of the state free: For the amendment 114,054, against 6,300.

PENNSYLVANIA.

Philadelphia, 8.—Official and estimated returns from every county in the State, except Elk and Forest give Pattison, democrat, for governor, 32,122 plurality. Atkinson, republican, is elected to Congress in the Eighth district.

The Times estimates the next state senate will have a republican majority of 10, a republican loss of 4, and the house of representatives a democratic majority of at least 30, a democratic gain of 37.

SOUTH CAROLINA.

Charleston, S. C. 8.—Official returns confirm the result already announced. Hemphill, democrat in the Fifth district, Mackey, (white) republican, in the Seventh district, Dibble, Dargen Evins, Aiken and Tillman, all democrats, are certainly elected in the other five districts.

TENNESSEE.

Nashville, 9.—The democratic central committee estimates Bates' majority over Hawkins, republican, for governor, at 20,000, and the majority over Hawkins, Tusselle and Beasley at 20,000. Bates legislative ticket will have a majority in both houses.

TEXAS.

Galveston, 9.—Returns from the Tenth District indicate the election of John Hancock, democrat. Ochiltree, republican, is probably elected in the Seventh, the only republican returned to Congress.

VIRGINIA.

Richmond, Va. 8.—Unofficial returns from the Fifth district indicate the election of Cabell, democrat. Returns from the Seventh district show a very close contest between Offerall, democrat, and Paul, coalition. Estimated and official majorities give Offerall twenty-four majority, with Highland County to hear from, which may go for either. John S. Wise, for Congress at large, is certainly elected. B. S. Hooper, coalition, for Congress in the Fourth district, is elected.

WISCONSIN.

Milwaukee, 9.—Returns for the state legislature, complete, show the following complexion: Senate—10 republicans, 10 democrats, a democratic gain of 4; assembly—52 republicans, 45 democrats, 2 independents, a republican loss. The First Congressional district is still in doubt. It is claimed positively by republicans, who figure out a majority of 89 for Williams, and the democrats claim that Winans has 1,000 majority.

ARIZONA.

Tucson, A. S. 8.—G. H. O'Gray, democrat, for congressman, and W. B. Horton, superintendent of public instruction, democrats are elected by about 750 majority. Both branches of the legislature are democratic by a large majority.

FOREIGN OPINION.

London, 9.—The Daily News, commenting on the elections in the United States, says: They indicate a break up of the party which conducted the war to a successful close, reorganized the south and restored the finance of the country. It adds that the election gave a well deserved rebuke to President Arthur and his friends, and that republican leaders perceiving its meaning, will do as they have done before, renew their pledges of amendment, heal divisions in their ranks and present a united front to their opponents when the critical moment comes.

Miscellaneous.

San Francisco, 9.—In the stock board to-day, one fifty was bid for \$1,000 Confederate States bonds.

This morning James Johnson and Wm. Buchanan, acting for the Clydesdale breeding and exporting company, with the sheriff and posse seized and took away 134 Clydesdale horses from the large stock farm of Colonel Robert Holloway, the well-known importer and dealer of that breed of animals. The cause of the seizure has not transpired.

New York, 9.—The Methodist Episcopalian mission continued its labors this afternoon, and appropriated the following sums for missions in the United States, not in the conference: Arizona, \$8,000; Black Hills, \$3,000; Dakota, \$5,500; Indian Territory, \$2,000; Montana, \$11,500; New Mexico, \$12,500; Utah, \$12,500; northern New York, Welsh mission, \$200; Norwegian and Swedish missions in California, \$2,200; Swedish and Norwegian missions in New York, east conference, \$1,000, and \$2,000 respectively.

FOREIGN.

London, 9.—In the Commons this afternoon, Robert Arthur Arnold, liberal, gave notice that he would move an amendment to Sir Stafford Northcote's motion on Egypt to the effect that the occupation of British troops in Egypt was necessary to preserve law and order, and also to protect the Egyptian people in their endeavors to have a safe government.

Redeeming Bonds.

Washington, 9.—Secretary Folger this afternoon directed assistant treasurer Acton, at New York, to redeem any of the United States bonds which have been called in for redemption at the rate of \$5,000, 000 per week.

EASTERN MARKETS.

New York, 8.—The occurrence of the annual state elections on Tuesday (which in this state was a legal holiday) has materially restricted business. The commercial and financial situation has not changed essentially. The course of prices for the most part is still toward a lower range and the shrinking of the last few days will no doubt go far to explain the increase in the number and magnitude of mercantile failures throughout the country. The fall trade has not come up to anticipations. Jobbing houses have not found as ready, or as large sales as they had expected. The mildness of the season has prevented what ordinarily would be a brisk trade. There has been in consequence a general hanging back on the part of customers, but better things are now hoped for and expected, and with an abundance and to spare of the fruits of the earth, there is no good reason for doubting that the business horizon will bear a more cheerful aspect during the remainder of the season. Flour and wheat have ruled in favor of buyers. Hog products have been subject to slight fluctuations.

Petroleum has further materially advanced, with heavy transactions in crude certificates, under the stimulus of decreased production.

Hops still show an advancing tendency on light supply and brisk demand. In consequence of the extreme press and scarcity brewers are turning their attention to cheap substitutes, such as camomile flowers, chiretta, Lupulin, chips of quassia, and other bitter weeds and drugs which are in consequence selling at high prices. India rubber is declining under fresh arrivals and slow demands. Hides are very firm with advancing tendency of prices. Foreign dried fruits, prunes excepted, are barely steady and raisins are said to be selling at a clear loss to importers of 15 to 20 cents per box, the result of over competition. Drugs show little change except a tendency on the part of quinine to react after the late rapid decline and the upward tendency of the aforementioned hop substitutes. Wool is dull, sales 60,000 pound of spring California. New Bedford advice report, an improved demand for sperm, with sales of 940 barrels for manufacture; report new oil at 105; whale has also met with some attention and the sales are 500 barrels; northern is said to be for export, and 75 ditto hump-back for manufacturers.

The Indian School.

Washington, 9.—Indian Commissioner Price has received the Annual Report of the Supt. of Carlisle Pa. Indian School, which show that at the date of the last report there were 180 Indian boys and eighty-seven Indian girls at school. During the year seventy-five boys and fifty-one girls have been received; sixty-two boys and twenty-eight girls returned to the agencies. Four boys and two girls died, and at the close of the fiscal year 188 boys and 108 girls remained at the school. The largest representation is from the Cheyenne, Omaha and Osage tribes. The report states that \$5,713 worth of wagons, harness, shoes and tinware have been made by the students; the girls made their own garments and much of the boys clothing.

Railways.

Chicago, 9.—The Railway Age states that the railway construction during the month of October in the United States aggregated 1,068 miles of main track on seventy-one different lines in thirty states, making the total for ten months of the present year, 9,143 miles, on 293 lines, in 43 states and territories and estimates the total construction for the year at between 11,000 and 12,000 miles, which far exceeds the construction in any previous year. Dakota leads in construction during the past month, with 131 miles, Texas next with sixty. Arizona built twenty-nine miles, California twenty-two, Colorado forty-seven, Idaho twenty-two, Oregon eleven.

The attorney general has addressed a letter to the department commissioners requesting the removal of detective George O. Miller, on the ground that he betrayed the interest of the government in the star route cases.

STAR ROUTE.

The Corruptible Jury.

Washington, 9.—A statement said to have been voluntarily made by Frank B. Fall, under oath, on October 10th, is made public to-day. It begins by asserting that he obtained the impression from an interview with Brewster Cameron, June 14th, that the government desired to obtain evidence of misconduct of the star route jury, past or future; that he was engaged at \$10 per diem, to ascertain if any of the members of the jury were corruptible; that he reported to Cameron every night. On June 24th he talked with Thomas A. Foote, colored juror, in the circuit court; from information obtained from Richard F. Laws, he concluded that Brown, the star route juror, was approachable, and told Foote so; that he afterwards negotiated with Foote and Cameron, looking to securing control of Brown's vote. A contract was drawn contemplating paying \$2,500, and was presented to Brown by Payne, but the former refused to sign the paper, saying it was a detective job. Brown, however, said he would do as wanted if paid \$2,500, and would control juror Martin. Fall refused to pay the money without the contract being signed. Seeing by the newspapers on September 25th, that Brown had made an affidavit charging Payne with attempting to bribe him, Fall sought interview with the latter, when Payne declared Brown's statement a lie. Brown offered to sell his vote to whoever wanted it for \$2,500; Payne pleaded poverty and asked for a loan which Fall refused, unless he would make a sworn statement. Payne promised but did not appear. All efforts to find him failed until October 1st, when he was encountered in the Baltimore and Potomac depot. He then reported that his failure to keep the engagement was due to overtures made by Charles Jones and Mr. Mall, for a meeting between him (Payne) detective Miller, Mayor Richards and Brown looking to the getting of a statement from Foote who meantime had gone to Newark. Richards gave him \$20 in response to the demand; Richards and Payne started for Newark; Richards paid all the bills. They saw Foote and got an affidavit. Foote wanted \$20,000 for the affidavit, and wanted it left in Payne's hands until he got the money. Foote finally wrote a letter, which Payne brought to Washington, addressed to Brady, Dorsev & Co., demanding \$1,000 before the affidavit should be delivered. Richards threatened to get Payne to make an affidavit which should agree with what Foote said in his. Payne said he wanted \$1,500 for his affidavit, and he denied making it until that time. Payne wanted advice of a lawyer before he would make affidavit. They wanted him to go to Col. Cook and make affidavit in his office. Payne wanted to advise with Col. Ingersoll. Richards telegraphed for Col. Ingersoll, and Richards and Miller took Payne to Col. Ingersoll's house on Sunday, Oct. 1st, and there Col. Ingersoll read the affidavit, and said the affidavits were wanted for a purpose by Downing, Attorney General Brewster, Cameron and Corbitt, all of whom would have to go when Congress met and began investigating into the star route business, and it was agreed Foote should make affidavit and give it to Payne and Payne should hold the affidavit until he made his own or until they got \$1,000 which Foote demanded for his. But that Major Richards got possession of the affidavit in Newark and refused to give it up. He was discharged from the department of justice July 17th, while acting for the government. Fall says he was to spread the impression that he was working in the interest of the defense, and authorized Skivington to say so. The result was John G. Cox was approached by him repeatedly and said he had two jurors for sale, and whenever Fall had the money Cox engaged to bring in the men. Richard F. Laws claimed that through Brown he brought about the disagreement of the jury. Laws said he was employed by the defense to influence Brown and did so, they being neighbors and on terms of brotherly intimacy, while a man named Ludington also claimed to control the vote and offered to deliver it anytime when the money was forthcoming.
